2-1-1

Dial 2-1-1 for a curbside testing appointment at Sedgwick County Health Department - 2716 W. Central

With locations across Sedgwick County, our Clinics are working together to provide affordable access to healthcare services based on a patient's income while accepting most insurances including Medicaid and Medicare. Each Clinic offers respiratory services such as **COVID-19 Screenings, Testing and Recovery Support**; as well as support for Asthma, Allergy, and other respiratory concerns.

It is our goal that all residents of our community have access to quality and compassionate help during this crisis. **We are ready to serve you so please call today to schedule an appointment!**
